

# SEPTIC SYSTEM INSPECTIONS

The Nueces River Authority is offering free septic system inspections, including pump outs, to homeowners within the Lower Nueces River Watershed. With your permission, a licensed septic inspector will evaluate your septic system to verify if it is functioning properly.

This program will also offer system repairs and/or replacements to qualifying homeowners, as long as funding is available. Applicants for this phase of the project may have to demonstrate financial need. Priority will be given based on proximity to water bodies such as creeks, streams, and rivers.
